Buffalo, NY 14203

Dear Jack:

It was a pleasure to have you work on our recent parish restoration fundraising campaign. Your leadership and efforts have helped us to raise over \$333,000 in pledges for much needed work on our parish plant.

The Finance Committee and I were impressed with your professional style and your expertise, especially your helping us to understand the many aspects of such a campaign. Your total dedication to the campaign during it's preparation phase, and during the campaign itself, was a source of confidence for all the workers and leaders. We especially appreciated the many times you sat down with us and the Parish Council in order to work out the many doubts and anxieties that some of our people felt. Also your evaluations at the end of the campaign were appreciated. In addition your gentle, home-town approach made you easy to work with and we all appreciated that.

It is especially difficult to raise money during this recessionary time and we feel we received our money's worth. Please accept our thanks for a job well done, and know that I will be most happy to recommend you to anyone who wishes to use your services in the future.

Sincerely,

Fr. Charles J. Zadora
Pastor
