July 11, 1995

Dear Jack,

Thank you very much for a job well done. It was a pleasure working with you. All of us are delighted with the success you helped us achieve.

Just two months after we began our Silver Jubilee Restoration Campaign we have received pledges that exceed our goal of \$750,000.00 by over a hundred thousand dollars and pledges are still coming in.

We chose you over other fund raisers because we judged you flexible as well as knowledgeable. We also thought that you would keep the cost of the campaign down. We found all of this to be true. Your guidance before, during and after our campaign not only helped us to exceed our goal but left everyone feeling good about having embarked on this project. This is true for those who contributed, those who worked, our parish staff and the parish as a whole.

I would strongly recommend you to any parish seeking to raise funds.

Sincerely,

Msgr. Donald R. Wangler
Pastor
