To Whom It May Concern:

Kearns and Associates have recently completed a Capital Campaign here at St. Patrick Parish. We raised over \$1,250,000 with the help of Mr. Michael Kearns.

He was available every day and worked very closely with the volunteers and staff. His ability to organize the campaign and motivate the volunteers was wonderful. The regular staff had neither the time nor the expertise to run such a major fund-raiser. I greatly appreciate all that he did concerning the mailings, letters and record keeping. The last fund-raiser we had I found very stressful and felt as if I had done all the work. The few items that the regular staff had to do this time was simple in comparison.

I would recommend Kearns & Associates as a fund-raiser and if we do have a future campaign would encourage the committee to call upon them again.

Sincerely,
